BROWN'S IRON BITTERS
THE BEST TONIC.
This medicine, combining iron with pure vegetable tonics, quickly and completely cures Dyspepsia, Indigestion, Weakness, Impure Blood, Malaria, Chills and Fevers, and Neuralgia.
It is an unfailing remedy for Diseases of the Kidneys and Liver.
It is invaluable for Diseases peculiar to Women, and all who lead sedentary lives. It does not injure the teeth, cause headache, or produce constipation—other iron medicines do. It enriches and purifies the blood, stimulates the appetite, aids the assimilation of food, relieves heartburn and belching, and strengthens the muscles and nerves.
For Intermittent Fevers, Lassitude, Lack of Energy, etc., it has no equal.
Beware of cheap imitations. Trade mark and Tasseled red lines on wrapper. Take no other.
Solely by BROWN CHEMICAL CO., BOSTON, MA.
REDINGTON, WOODBURY CO., PORTLAND, OR.

TUTT'S PILLS
TORDID BOWELS, DISORDERED LIVER, and MALARIA.
From these sources flow the most common of the diseases of the human race. These symptoms indicate their existence: Loss of Appetite, Bowels constive, Sick Headache, Fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, A feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, Highly colored Urine, CONSTIPATION and demand the use of a remedy that acts directly on the Liver. As a Liver medicine TUTT'S PILLS have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. TUTT'S PILLS cause no nausea or griping nor interfere with daily work and are a perfect.

FOREIGN DISPATCHES.

ENGLAND SENDS AN ULTIMATUM TO THE BOERS.
LONDON, Oct. 11.—An ultimatum has been sent to the Transvaal government by Great Britain. It alleges that repeated violations of the treaty and acts of violence have been committed by Boers beyond the boundary lines of the Transvaal country, and it demands of the Transvaal government due satisfaction for these acts, repression of Boer filibusters, and a thorough observance of the articles of the last convention entered into by both countries. It is reported the British war office is already preparing an expedition of 8,000 troops into South Africa. The withdrawal of the proclamation annexing the Montic territory is not expected to alter the position of affairs, as the Boers continue to hold a grip upon the lands.

JOY'S RECEPTION IN LONDON.
NEW YORK, Oct. 11.—The Herald cable special gives an account of the reception given Mr. Joy, president of the Walrus road, by the London bondholders. It says: His apologetic speech was often interrupted. At times there was an uproar, and cries of "Gould's man," and "no, no," and finally Joy sat down, baffled. Russell Roberts, barrister, severely criticized Joy. There were immense cheers when he turned Jay Gould an ardent friend and robber. Mr. Tonney spoke, calling Joy the creature of Gould, and said his plan was a well considered plot of robbery.

ENGLAND AND GUINEA.
LONDON, Oct. 11.—The decision of Gladstone that a protectorate should be established over Guinea was hastened by reports sent to the British colonial office of the great increase of the slave trade upon the coast. Several vessels from Queensland have been receiving natives, and one incident in connection therewith is related, in which the crews of some trading vessels seized thirty natives. The British gunboat *Stirling* captured a slave schooner and sent the vessel and crew to Cooktown, where the latter will be tried.

RUSSIAN VS. AMERICAN PETROLEUM.
LONDON, Oct. 11.—The Times says: "Russia has not only driven American petroleum from Russia, but has also been selling crude oil to Austrian refiners, and making a determined effort to obtain a foothold in Eastern Germany. The first train of German tank cars, containing Russian petroleum, lately arrived at Gaudenz, on the frontier. It is estimated that petroleum by this route will be one shilling per fifty kilometers cheaper in the Berlin market than American oil."

GREAT BRITAIN TO SEIZE NEW GUINEA.
LONDON, Oct. 11.—The British commander on the Australian station has been instructed to proceed to New Guinea and proclaim a British protectorate over the southern coast of that island, to the eastward of the 141st meridian, east longitude. The protectorate will include the island adjacent, southern New Guinea. Settlement within the protectorate will not be at present permitted.
